

## *Index to Volume 5*

### A

- Abramson, Harold A.: Failure of certain histamine-like substances to produce or to inhibit wheals in the human skin. (Preliminary report, in brief), 567
- Abramson, Harold A.: Chemical, physical and immunological properties of electrophoretically purified pollen extracts, 19
- Active sensitization to pollen. (Roger P. Wodehouse), 558
- Advisory Council of the Standardization Committee. (George E. Rockwell, Chairman, J. Warrick Thomas, and Fred W. Wittich): Report on the standardization of dust extracts, 27
- Aerosol nebulizers, Some helpful hints for maintaining the efficiency of, (Alvin Seltzer), 243
- Allergenic oil extracts, The manufacture of, Lederle method, (Department of clinical pathology and laboratory procedures), 163
- Allergens of mill dust (Asthma in millers, farmers, etc.), The, (C. Jimenez Diaz, C. Lahoz, and G. Canto), 519
- Allergic dermatitis from vaginal absorption of sensitizers (floraquin and verazepot), (Boen Swinny), 490
- Allergic reactions from handling penicillin (Katharine Baylis MacInnis), 102
- Allergy, Bacterial. (Scherago, M.), 1
- Allergy, Clinical and comparative. (A. J. Weil), 42
- Allergy, Dermatologic. A critical review of recent literature. Rudolf L. Baer and Morris Leider. (Progress in allergy), 578
- Allergy, Food, in dogs. (Ralph Povar), 224
- Allergy in glaucoma. Manifestations of allergy in three glaucoma patients as determined by the pulse-diet method of Coca. (Conrad Berens, Louis J. Girard, and Edith Cummings), 526
- Allergy, Miscellaneous. A critical review of recent literature. Lawrence J. Halpin. (Progress in allergy), 166
- Allergy, Pediatric. A critical review of recent literature. Jerome Glaser. (Progress in allergy), 60
- Allerteen, W. L. Mermis. (abstract), 395
- Anaphylactic shock in guinea pigs, Use of crotalin in the prevention of, (D. Edward Frank), 156
- Anti-asthmatic effects of beta-diethylaminoethyl 9, 10-dihydroanthracene-9-carboxylate hydrochloride, a new synthetic antispasmodic. (Milton H. Hartman), 536
- Antibiotic therapy of intractable bronchial asthma, Physiologic and, (Alvan L. Barach and Bettina Garthwaite), 297
- Antihistaminic substances and experimental sensitizations. (R. L. Mayer), 113
- Application of a tissue culture technique in the clinical evaluation of bacterial hypersensitivity, The, (Frank A. Nantz and Hermann Blatt), 554
- Asthma as a cause of death in children: Report of a case. Jose Pedrero (abstract), 248
- Asthma due to odor of urine, feces and sweat. (Heber C. Jamieson), 234
- Asthma in the newborn. F. D. Nance (abstract), 425
- Asthmatic child, The: A scheme for the treatment of certain non-specific factors. I. Mirvish. (abstract), 18
- Atopic cataract—Report of a case with tabulated summary of previously reported cases (S. Senior Sack), 353
- Atopic dermatitis, Kaposi's varicelliform eruption; Relation to, (Leon Unger), 426

### B

- Bacterial allergy (M. Scherago), 1
- Baer, Rudolf L., and Leider, Morris: Dermatologic allergy. (Progress in allergy), 578
- Ballenger, H. C.: Insufflation of sulfonamide drugs (abstract), 433
- Barach, Alvan L., and Garthwaite, Bettina: Physiologic and antibiotic therapy of intractable bronchial asthma, 297
- Beakey, John F., and Segal, Maurice S.: Management of bronchial asthma. The use of 1-(3', 4'-dihydroxyphenyl)-2-isopropylaminoethanol, 317
- Benadryl. A clinical evaluation based on one hundred and seventy-one case studies. (Stephen D. Lockey), 420
- Benadryl in the treatment of certain allergic diseases of children, The use of, (George B. Logan), 105
- Berens, Conrad, Girard, Louis J., and Cummings, Edith: Allergy in glaucoma.

## INDEX TO VOLUME 5

- Manifestations of allergy in three glaucoma patients as determined by the pulse-diet method of Coca, 526
- Bermuda grass, Timothy versus (Roger P. Wodehouse), 137
- Beta-diethylaminoethyl 9,10-dihydroanthracene-9-carboxylate hydrochloride, a new synthetic antispasmodic, Anti-asthmatic effects of, (Milton M. Hartman), 536
- Blatt, Hermann and Nantz, Frank A.: The application of a tissue culture technique in the clinical evaluation of bacterial hypersensitivity, 554
- Book Reviews:
- Cooke, Robert A.: Allergy in theory and practice, 502
- Fradkin, W. Z. (Foreword by Crohn, Burrill B.): Diagnosis and treatment of diarrheal diseases, 502
- Gay, Leslie V. (Foreword by Warfield T. Longcope): The diagnosis and treatment of bronchial asthma, 93
- Rothman, Louis, Crowe, Samuel J., with collaboration of Hagens, Elmer W.: The 1946 year book of the eye, ear, nose and throat, 501
- Sigler, Louis H.: Electrocardiogram, The—Its interpretation and clinical application, 93
- Sulzberger, Marion B., and Baer, Rudolf L.: Office immunology, including allergy. A guide for the practitioner, 501
- Sulzberger, Marion B., and Baer, Rudolf L.: The 1947 year book of dermatology and syphilology, 501
- Bronchial asthma in patients over the age of fifty-five years, Diagnosis and treatment of, (Albert H. Rowe), 509
- Bronchial asthma, Management of. The use of 1-(3', 4'-dihydroxyphenyl)-2-isopropylaminoethanol, (Maurice S. Segal and John F. Beakey), 317
- Bronchial asthma, Nethaphyl in the treatment of nasal allergy, and, (French K. Hansel), 397
- Bronchial asthma, intractable, Physiologic and antibiotic therapy of, (Alvan L. Barach and Bettina G. Gathwaite), 297
- Bronchial asthma, infectious, The significance of chronic bronchitis in, (Walter Finke), 364
- Brooks, George, Stone, Gilbert C. H., and Harkavy, Josef: Chemical investigations of giant ragweed pollen, 546
- Brown, Ethan Allan: Respiration—A review of recent literature. (Progress in allergy), 381
- Brown, Ethan Allan: The use of intravenous ethyl alcohol in the treatment of status asthmaticus, 193
- Brown, Ethan Allan: The use of the respiratory enzyme, Cytochrome C, in dyspnea (Report in brief), 571
- Brown, Ethan Allan, Holden, Eugene M., Nobili, Conrad, and Flaherty, Helen A.: The skin-test blocking antibody response to oral pollen therapy and the criteria for its use, 402
- Burden, Samuel S.: Treatment of insulin allergy—With report of a case, 209

### C

- Campbell, Dan H., and Miller, Hyman: Reagins: Preliminary report on experimental evidence in support of a new theory of their nature. Immunochemical studies of reagin 1, 236
- ("Candidid") Eczematoid monilid of the eyelids (Guido Ruiz Moreno), 132
- Canto, G., Jimenez-Diaz, C., and Lahoz, C.: The allergens of mill dust (Asthma in millers, farmers, etc.), 519
- Cataract, Atopic—Report of a case with tabulated summary of previously reported cases (S. Senior Sack), 353
- Chemical and immunologic basis of oral pollen propeptan therapy in hay fever, The, (Erich Urbach, George Jaggard, and David W. Crisman), 147, 225
- Chemical investigations of giant ragweed pollen. (Gilbert C. H. Stone, Josef Harkavy and George Brooks), 546
- Chemical, physical and immunological properties of electrophoretically purified pollen extracts. (Harold A. Abramson), 19
- Chronic bronchitis in infectious bronchial asthma, The significance of. (Walter Finke), 364
- Chronic urticaria, The etiology of. (L. O. Dutton), 376
- Cigarette sensitivity, The incidence of idioblastic. (Arthur F. Coca), 458
- Clinical and comparative allergy. (A. J. Weil), 42
- Coca, Arthur F.: Sympathectomy as an antiallergic measure, 95
- Coca, Arthur F.: The incidence of idioblastic cigarette sensitivity, 458
- Comparative allergy, Clinical and. (A. J. Weil), 42

## INDEX TO VOLUME 5

- Comparative diagnostic efficiency of the sedimentation rate and the Weltman reaction, The. (L. O. Dutton), 491
- Comparative study, A.: Oral pollen therapy. (Roger Olaf Egeberg and John M. Painter), 415
- Continuous intravenous aminophyllin therapy in status asthmaticus. (Robert J. Goodall and Leon Unger), 196
- Crisman, David W., Urbach, Erich, and Jaggard, George: The chemical and immunologic basis of oral pollen propeptan therapy in hay fever, 147, 225
- Crotalin in the prevention of anaphylactic shock in guinea pigs, Use of. (D. Edward Frank), 156
- Cummings, Edith, Berens, Conrad, and Girard, Louis J.: Allergy in glaucoma. Manifestations of allergy in three glaucoma patients as determined by the pulse-diet method of Coca, 526
- Cutaneous reaction-units. (Roger P. Wodehouse), 203
- Cytochrome C, in dyspnea, The use of the respiratory enzyme. (Report in brief), (Ethan Allan Brown), 571

### D

- Department of Clinical Pathology and Laboratory Procedure:
- Comparative diagnostic efficiency of the sedimentation rate and the Weltman reaction, The, 491
  - Etiology of chronic urticaria, The, 376
  - Manufacture of allergenic oil extracts—Lederle method, 163
  - Weltman reaction, as a diagnostic aid, The, 245
- Dermatitis from vaginal absorption of sensitizers, Allergic, (floraquin and vera-zepol)—Report of cases. (Boen Swinny), 490
- Dermatologic allergy. Rudolf L. Baer, M.D., and Morris Leider, M.D. (Progress in allergy), 578
- Diagnosis and treatment of bronchial asthma in patients over the age of fifty-five years. (Albert H. Rowe), 509
- Diphtheria induced by a booster dose of diphtheria toxoid purified by absorption and elution, Immunity to. Based on a study of fifty-five allergic children. (M. Murray Peshkin and H. G. Rapaport), 503
- Does the routine treatment of asthma need revision? (George L. Waldbott), 126
- Donaldson, G. M., and Scarborough, H.: Toxic thrombocytopenic purpura following local sulfathiazole therapy (abstract), 202
- Drug reactions, Parenterally induced, (Edward Frank) (Report in brief), 573**
- Drug sensitivity, Methods for the objective demonstration of suspected, (O. C. Hansen-Pruss and W. E. Leeper, Jr.), 541
- Dutton, L. O.: The comparative diagnostic efficiency of the sedimentation rate and the Weltman reaction, 491
- Dutton, L. O.: The etiology of chronic urticaria, 376
- Dutton, L. O.: Mold fungi in the etiology of respiratory allergic diseases. VI. Intrinsic fungous factors in relation to asthma, 439
- Dutton, L. O.: The Weltman reaction as a diagnostic aid, 245
- Dyspnea, The use of the respiratory enzyme, Cytochrome C, in. (Ethan Allan Brown) (Report in brief), 571

### E

- Eczematoid monilid of the eyelids ("Candidid"), (Guido Ruiz-Moreno), 132
- Editorials:
- Annual meeting, The, 161
  - Atlantic City meeting, 161
  - Current comment on antihistamine effect, 55
  - Further comment on drugs classified as antihistaminics, 493
  - Horse immunology for allergists, 380
  - Present status of certification (Wittich) 575; (Peshkin), 576
  - Remarkable meeting of the New York Academy of Sciences, A., 247
  - Scope of organizational allergy, 162
  - Third annual meeting of the College, 161
  - Veterans Administration and allergy, The, 56
- Effects of drugs in modifying the response of asthmatic subjects to inhalation of pollen extracts as determined by vital capacity measurements, The, (Irving W. Schiller and Francis C. Lowell), 564

## INDEX TO VOLUME 5

- Egeberg, Roger Olaf, and Painter, John M.: Oral pollen therapy: A comparative study, 415  
 Ehrlich, Edmund E.: Light urticaria, 478  
 Ehrlich, Norman J., and Kaplan, Morris A.: Hay fever. A review of the literature of 1946. (Progress in allergy), 253  
 Electrophoretically purified pollen extracts, Chemical, physical and immunological properties of, (Harold A. Abramson), 19  
 Etiology of chronic urticaria, The. (L. O. Dutton), 376

### F

- Failure of certain histamine-like substances to produce or to inhibit wheals in the human skin. (Preliminary report, in brief) (Harold A. Abramson), 567  
 Finke, Walter: The significance of chronic bronchitis in infectious bronchial asthma, 364  
 Flaherty, Helen A., Brown, Ethan Allan, Holden, Eugene M., and Nobili, Conrad: The skin-test blocking antibody response to oral pollen therapy and the criteria for its use, 402  
 Floraquin and verazepotol—Allergic dermatitis from vaginal absorption of sensitizers. (Boen Swinny), 490  
 Food allergy in dogs. (Ralph Povar), 224  
 Frank, Edward: Metrorrhagia due to allergy to cold. (Report in brief), 574  
 Frank, Edward: Parenterally induced drug reactions. (Report in brief), 573  
 Frank, D. Edward: Use of crotalin in the prevention of anaphylactic shock in guinea pigs, 156  
 Freud, P., and Greenberg, W. B.: Purpura induced by the initial injection of a pertussis vaccine, 218  
 Further studies with mold extracts. Mold fungi in the etiology of respiratory allergic diseases. V. (Homer E. Prince, Edward George Tatge, and Marie B. Morrow), 434

### G

- Garthwaite, Bettina, and Barach, Alvan L.: Physiologic and antibiotic therapy of intractable bronchial asthma, 297  
 Ginsburg, Matthew: Spontaneous fracture of the first rib as a complication of status asthmaticus, 488  
 Girard, Louis J., Cummings, Edith, and Berens, Conrad: Allergy in glaucoma. Manifestations of allergy in three glaucoma patients as determined by the pulse-diet method of Coca, 526  
 Glaser, Jerome: Pediatric allergy. A critical review of recent literature. (Progress in allergy), 60  
 Glaucoma, Allergy in. Manifestations of allergy in three glaucoma patients as determined by the pulse-diet method of Coca. (Conrad Berens, Louis J. Girard, and Edith Cummings), 526  
 Goodall, Robert J., and Unger, Leon: Continuous intravenous aminophyllin therapy in status asthmaticus, 196  
 Greenberg, W. B., and Freud, P.: Purpura induced by the initial injection of a pertussis vaccine, 218  
 Gwinner, M. W., and Shapero, William: Sensitivity to thiamine hydrochloride, 349

### H

- Halpin, Lawrence J.: Miscellaneous allergy. A critical review of recent literature. (Progress in allergy), 166  
 Hansel, French K.: Nethaphyl in the treatment of nasal allergy and bronchial asthma, 397  
 Hansen-Pruss, O. C., and Leeper, W. E., Jr.: Methods for the objective demonstration of suspected drug sensitivity, 541  
 Harkavy, Josef, Brooks, George, and Stone, Gilbert C. H.: Chemical investigations of giant ragweed pollen, 546  
 Hartman, Milton M.: Anti-asthmatic effects of beta-diethylaminoethyl 9, 10-dihydroanthracene-9-carboxylate hydrochloride, a new synthetic antispasmodic, 536  
 Hartman, Milton M.: The use of sex hormones in allergic disorders, 467  
 Hartman, Milton M.: Two-methylaminoheptane (Oenethyl) as an aid in the diagnosis and therapy of headaches associated with hypotension. (Report in brief), 572

## INDEX TO VOLUME 5

- Hay fever. A review of the literature of 1946. (Morris A. Kaplan and Norman J. Ehrlich) (*Progress in allergy*), 253
- Hay-fever plants of Albuquerque, New Mexico. A preliminary report. (Walter I. Werner, William G. Reed, and E. I. Stormfels), 47
- Hay fever, The chemical and immunologic basis of oral pollen propeptan therapy in, Erich, Urbach, George Jaggard, and David W. Crisman), 147, 225
- Hexaethyltetraphosphate, Pharmacology of a new bronchoconstrictor drug, (Theodore O. King, Theodore Koppányi, and Alexander G. Karczmar), 570
- Histamine-like substances to produce or to inhibit wheals in the human skin, Failure of certain. (Preliminary report, in brief) (Harold A. Abramson), 567
- Holden, Eugene M., Nobili, Conrad, Flaherty, Helen A., and Brown, Ethan Allan: The skin-test blocking antibody response to oral pollen therapy and the criteria for its use, 402

### I

- Immunity to diphtheria induced by a booster dose of diphtheria toxoid purified by absorption and elution: Based on a study of fifty-five allergic children. (M. Murray Peshkin and H. G. Rapaport), 503
- Immunochemical studies of reagin I. Reagins: Preliminary report on experimental evidence in support of a new theory of their nature. (Hyman Miller and Dan H. Campbell), 236
- Incidence of idoblastic cigarette sensitivity, The, (Arthur F. Coca), 458
- In Memoriam:  
Graña, Alfonso, 495  
Greditzer, Harry Gus, 395  
Urbach, Erich, 187
- Insufflation of sulfonamide drugs. (H. C. Ballenger) (abstract), 433
- Insulin allergy, Treatment of, with report of a case. (Samuel S. Burden), 209
- Intrinsic fungous factors in relation to asthma. Mold fungi in the etiology of respiratory allergic diseases. VI. (L. O. Dutton), 439

### J

- Jaggard, George, Crisman, David W., and Urbach, Erich: The chemical and immunologic basis of oral pollen propeptan therapy in hay fever, 147, 225
- Jamieson, Heber C.: Asthma due to odor of urine, feces and sweat, 234
- Jimenez-Diaz, C., Lahoz, C., and Canto, G.: The allergens of mill dust (Asthma in millers, farmers, etc.), 519

### K

- Kaplan, Morris A., and Ehrlich, Norman J.: Hay fever. A review of the literature of 1946. (*Progress in allergy*), 253
- Kaposi's varicelliform eruption—Relation to atopic dermatitis. (Leon Unger), 426
- Karczmar, Alexander G., King, Theodore O., and Koppányi, Theodore: Pharmacology of a new bronchoconstrictor drug, hexaethyltetraphosphate. (Report in brief), 570
- King, Theodore O., Koppányi, Theodore, and Karczmar, Alexander G.: Pharmacology of a new bronchoconstrictor drug, hexaethyltetraphosphate. (Report in brief), 570
- Koppányi, Theodore, Karczmar, Alexander G., and King, Theodore O.: Pharmacology of a new bronchoconstrictor drug, hexaethyltetraphosphate. (Report in brief), 570

### L

- Lahoz, C., Canto, G., and Jimenez-Diaz, C.: The allergens of mill dust (Asthma in millers, farmers, etc.), 519
- Lederle method—The manufacture of allergenic oil extracts, (Department of clinical pathology and laboratory procedures), 163
- Leeper, W. E., Jr., and Hansen-Pruss, O. C.: Methods for the objective demonstration of suspected drug sensitivity, 541
- Leider, Morris, and Baer, Rudolf L.: Dermatologic allergy. (*Progress in allergy*), 578
- Light urticaria. (Edmund E. Ehrlich), 478

## INDEX TO VOLUME 5

- Lockey, Stephen D.: Benadryl—A clinical evaluation based on one hundred and seventy-one studies, 420
- Logan, George B.: The use of benadryl in the treatment of certain allergic diseases of children, 105
- Lowell, Francis C., and Schiller, Irving W.: The effect of drugs in modifying the response of asthmatic subjects to inhalation of pollen extracts as determined by vital capacity measurements, 564

### Mc

- McKenzie, Evelyn, and Sellers, Erle D.: Mold fungi in the etiology of respiratory allergic diseases. VIII. Mold allergy in West Texas—Clinical observation, 455

### M

- MacInnis, Katharine Baylis: Allergic reactions from handling penicillin, 102
- Management of bronchial asthma—The use of 1-(3', 4'-dihydroxyphenyl)-2-isopropylaminoethanol. (Maurice S. Segal and John F. Beakey), 317
- Manufacture of allergenic oil extracts—Lederle method, The, (Department of clinical pathology and laboratory procedures), 163
- Mayer, R. L.: Antihistaminic substances and experimental sensitizations, 113
- Mermis, W. L.: Allerteen (abstract), 395
- Methods for the objective demonstration of suspected drug sensitivity. (O. C. Hansen-Pruss and W. E. Leeper, Jr.), 541
- 2-Methylaminoheptane (oenethyl) as an aid in the diagnosis and therapy of headaches associated with hypotension. (Milton M. Hartman) (Report in brief), 572
- Metrorrhagia due to allergy to cold. (Edward Frank) (Report in brief), 574
- Mill dust, The allergens of. (Asthma in millers, farmers, etc.), (C. Jimenez Diaz, C. Lahoz, and G. Canto), 519
- Miller, Hyman, and Campbell, Dan H.: Reagins: Preliminary report on experimental evidence in support of a new theory of their nature. Immunochemical studies of reagin I., 236
- Mirvish, T.: The asthmatic child: A scheme for the treatment of certain non-specific factors. (abstract), 18
- Miscellaneous allergy. A critical review of recent literature. Lawrence J. Halpin. (Progress in allergy), 166
- Mold allergy in West Texas—Clinical observations. Mold fungi in the etiology of respiratory allergic diseases. VIII. (Erle D. Sellers and Evelyn McKenzie), 455
- Mold fungi in the etiology of respiratory allergic diseases. V. Further studies with mold extracts. (Homer E. Prince, Edward George Tatge, and Marie B. Morrow), 434
- Mold fungi in the etiology of respiratory allergic diseases. VI. Intrinsic fungous factors in relation to asthma. (L. O. Dutton), 439
- Mold fungi in the etiology of respiratory allergic diseases. VII. Further survey studies. (Marie Betzner Morrow), 442
- Mold fungi in the etiology of respiratory allergic diseases. VIII. Mold allergy in West Texas—Clinical observations. (Erle D. Sellers and Evelyn McKenzie), 455
- Morrow, Marie B., Prince, Homer E., and Tatge, Edward George: Mold fungi in the etiology of respiratory allergic diseases. V. Further studies with mold extracts, 434
- Morrow, Marie Betzner: Mold fungi in the etiology of respiratory allergic diseases. VII. Further survey studies, 442

### N

- Nance, F. D.: Asthma in the newborn (abstract), 425
- Nantz, Frank A., and Blatt, Hermann: The application of a tissue culture technique in the clinical evaluation of bacterial hypersensitivity, 554
- Nasal allergy and bronchial asthma, Nethaphyl in the treatment of, (French K. Hansel), 397
- Nethaphyl in the treatment of nasal allergy and bronchial asthma. (French K. Hansel), 397
- News Items and Announcements:  
 "Alergia" magazine, 499  
 Allergy Society of Los Angeles, 274  
 Allergy Society of Northern California, 275

# INDEX TO VOLUME 5

- American Association of Immunologists, Thirty-first annual meeting, with the Federation of American Societies for Experimental Biology, 92; Thirty-second annual meeting, 596
- the Federation of American Societies for Experimental Biology, 92
- American College of Allergists, Third annual meeting (1947), 392; Fourth annual meeting (1948), 496, 594
- American Heart Association session, The, 92
- American Medical Association, Special session on allergy, 89
- American Pharmaceutical Manufacturers' Association, research award, 274
- American Society of Ophthalmologic and Otolaryngologic Allergy, 497
- Argentine Allergy Society, 191
- Asks aid in nursing crisis (Katharine J. Densford), 401
- Asthma through the ages, 498
- Baer, Rudolf L., and Sulzberger, Marion B., 500
- Belgian Society of Allergy, 190
- Bound volumes of the Annals, 57
- Central Pennsylvania Allergy Society, 275, 394, 596
- Chicago Society of Allergy, 394
- Cincinnati instructional course, 596
- Committee for testing new and unused therapeutics, 394
- Cuban Society of Dermatology and Syphilology, 276
- Eriksson-Lihr, Dr. Zaida, 394
- Fall graduate instructional course in allergy, 191, 249 (including preliminary program), 499 (grants), 378 (final program)
- Federation of American Societies for Experimental Biology, session with the American Association of Immunologists (thirty-first annual meeting), 92
- Garat, Benigno, 500
- Golz, Harold H., 500
- Grant for dermatologic research fund (Luziers, Inc.), 192
- Grant made available to Standardization Committee (Marcelle Cosmetics, Inc.), 189
- Greenberg, Arnold S., 500
- Harris, M. Coleman, 500
- Honorary fellowships (Dr. Marie B. Morrow; Dr. Noble P. Sherwood), 394
- Information office in Santiago de Chile (Miss Julia Garcia Games), 276
- International Association of Allergists, 498
- Kahle, Warren F., 500
- Los Angeles Society of Allergy, 274
- Miller, Hyman, 500
- Mississippi Valley sectional instructional course in allergy—Symposium on allergy, 58
- National allergy research and welfare fund, 191
- National Society for Medical Research, 191
- Naval Air Reserve Training Command, 275
- Nelson, Tell, 500
- New York Academy of Science (program), 91
- Northern California Allergy Society, 275
- Ouer, Roy A., 500
- Penicillin cream, 104
- Poland (Society for prevention and treatment of asthma), 189
- Post-convention pleasure trip, 595
- Progress in the science of allergy—Fortschritte der Allergielehre Vol. II, 499
- Requirements for active fellowship, 496
- Rogers, Harry L., xviii (Dec.)
- Scholarships for the November instructional course (Almay, Inc., and Marcelle Cosmetics, Inc.), 189
- Seibold, George J., 500
- Sociedad Mexicana de Alergistas, 276
- Southeastern Allergy Association, 495
- Southern Swedish allergy forum, 499
- Southwest allergy forum, 89, 275, 596
- State legislation against dog stealing, 487
- Stroh, James Eugene (new appointment), 276
- Sulzberger, Marion B., and Baer, Rudolf L., 500
- Sustaining members, 497

## INDEX TO VOLUME 5

- Nobili, Conrad, Flaherty, Helen A., Brown, Ethan Allan, and Holden, Eugene M.:  
The skin-test blocking antibody response to oral pollen therapy and criteria for  
its use, 402  
Northwest pollens. (James E. Stroh), 337

### O

- Oral pollen propeptan therapy in hay fever, The chemical and immunologic basis  
of, (Erich Urbach, George Jaggard, and David W. Crisman), 225  
Oral pollen therapy: A comparative study. (Roger Olaf Egeberg and John M.  
Painter), 415  
Oral pollen therapy and the criteria for its use, The skin-test blocking antibody  
response to, (Ethan Allan Brown, Eugene M. Holden, Conrad Nobili, and Helen  
A. Flaherty), 402

### P

- Painter, John M., and Egeberg, Roger Olaf: Oral pollen therapy: A comparative  
study, 415  
Parenterally induced drug reactions. (Edward Frank) (Report in brief), 573  
Pediatric allergy. A critical review of recent literature. Jerome Glaser. (Progress  
in allergy), 60  
Penicillin sensitivity (abstract), 244  
Pertussis vaccine, Purpura induced by the initial injection of a, (P. Freud and W.  
B. Greenberg), 218  
Peshkin, M. Murray, and Rapaport, H. G.: Immunity to diphtheria induced by a  
booster dose of diphtheria toxoid purified by absorption and elution: Based  
on a study of fifty-five allergic children, 503  
Pharmacology of a new bronchoconstrictor drug, hexaethyltetraphosphate. (Theo-  
dore O. King, Theodore Koppanyi, and Alexander G. Karczmar) (Report in  
brief), 570  
Physiologic and antibiotic therapy of intractable bronchial asthma. (Alvan L.  
Barach and Bettina Garthwaite), 297  
Pollen extracts, Standardization of, (Roger P. Wodehouse), 277  
Pollen propeptan therapy in hay fever, The chemical and immunologic basis of oral,  
(Erich Urbach, George Jaggard, and David W. Crisman), 147  
Pollens, Northwest, (James E. Stroh), 337  
Povar, Ralph: Food allergy in dogs, 224  
President, 1946-1947, Leon Unger, Chicago, Illinois (photograph), 160  
Prevention of anaphylactic shock in guinea pigs, Use of croctalin in the, (D. Ed-  
ward Frank), 156  
Prince, Homer E., Tatge, Edward George, and Morrow, Marie B.: Mold fungi in  
the etiology of respiratory allergic diseases. V. Further studies with mold  
extracts, 434  
Progress in Allergy:  
Dermatologic allergy (Rudolf L. Baer and Morris Leider), 578  
Hay fever (Norman J. Ehrlich and Morris A. Kaplan), 253  
Miscellaneous allergy (Lawrence J. Halpin), 166  
Pediatric allergy (Jerome Glaser), 60  
Respiration (Ethan Allan Brown), 381  
Purpura induced by the initial injection of a pertussis vaccine. (P. Freud and W.  
B. Greenberg), 218

### R

- Rapaport, H. G., and Peshkin, M. Murray: Immunity to diphtheria induced by a  
booster dose of diphtheria toxoid purified by absorption and elution: Based on  
a study of fifty-five allergic children, 503  
Reagins: Preliminary report on experimental evidence in support of a new theory  
of their nature. Immunochemical studies of reagin I. (Hyman Miller and Dan  
H. Campbell), 236  
Reed, William G., Stormfels, E. I., and Werner, Walter I.: Hay-fever plants of  
Albuquerque, New Mexico, A preliminary report, 47  
Report on the standardization of dust extracts, Advisory Council of the Stand-  
ardization Committee (George E. Rockwell, Chairman, J. Warrick Thomas,  
and Fred W. Wittich), 27  
Respiration. A review of recent literature. Ethan Allan Brown. (Progress in  
allergy), 381

# INDEX TO VOLUME 5

- Response of asthmatic subjects to inhalation of pollen extracts as determined by vital capacity measurements, The effect of drugs in modifying the, (Irving W. Schiller and Francis C. Lowell), 564
- Rockwell, George E., Thomas J. Warrick, and Wittich, Fred W. (Advisory Council of the Standardization Committee): Report on the standardization of dust extracts, 27
- Rowe, Albert H.: Diagnosis and treatment of bronchial asthma in patients over the age of fifty-five years, 509
- Ruiz-Moreno, Guido: Eczematoid monilid of the eyelids ('Candidid'), 132

## S

- Sack, S. Senior: Atopic cataract. Report of a case with tabulated summary of previously reported cases, 353
- Scarborough, H., and Donaldson, G. M.: Toxic thrombocytopenic purpura following local sulfathiazole therapy. (abstract), 202
- Scheme for the treatment of certain non-specific factors, A.: The asthmatic child. (I. Mirvish) (abstract), 18
- Scherago, M.: Bacterial allergy, 1
- Schiller, Irving W., and Lowell, Francis C.: The effect of drugs in modifying the response of asthmatic subjects to inhalation of pollen extracts as determined by vital capacity measurements, 564
- Segal, Maurice S., and Beakey, John F.: Management of bronchial asthma. The use of 1-(3', 4'-Dihydroxyphenyl)-2-isopropylaminoethanol, 317
- Sellers, Erle D., and McKenzie, Evelyn: Mold fungi in the etiology of respiratory allergic diseases. VIII. Mold allergy in West Texas—Clinical observations, 455
- Seltzer, Alvin: Some helpful hints for maintaining the efficiency of aerosol nebulizers, 243
- Sensitivity to thiamine hydrochloride. Report of a case. (William Shapero and M. W. Gwinner), 349
- Sensitization to pollen, Active. (Roger P. Wodehouse), 558
- Sex hormones in allergic disorders, The use of, (Milton M. Hartman), 467
- Shapero, William, and Gwinner M. W.: Sensitivity to thiamine hydrochloride. Report of a case, 349
- Sigler, Louis H.: The electrocardiogram—Its interpretation and clinical application, 93
- Significance of chronic bronchitis in infectious bronchial asthma, The, (Walter Finke), 364
- Skin testing with fractions of chocolate. (Benjamin Zohn), 344
- Skin-test blocking antibody response to oral pollen therapy and the criteria for its use, The, (Ethan Allan Brown, Eugene M. Holden, Conrad Nobili, and Helen A. Flaherty), 402
- Some helpful hints for maintaining the efficiency of aerosol nebulizers. (Alvin Seltzer), 243
- Spontaneous fracture of the first rib as a complication of status asthmaticus. (Matthew Ginsburg), 488
- Standardization Committee, Advisory Council of the, (George E. Rockwell, Chairman, J. Warrick Thomas, and Fred W. Wittich): Report on the standardization of dust extracts, 27
- Standardization of dust extracts, Report on the, (Advisory Council of the Standardization Committee—George E. Rockwell, Chairman, J. Warrick Thomas, and Fred W. Wittich), 27
- Standardization of pollen extracts. (Roger P. Wodehouse), 277
- Status asthmaticus, Continuous intravenous aminophyllin therapy in, (Robert J. Goodall and Leon Unger), 196
- Status asthmaticus, Spontaneous fracture of the first rib as a complication of, (Matthew Ginsburg), 488
- Stone, Gilbert C. H., Harkavy, Josef, and Brooks, George: Chemical investigations of giant ragweed pollen, 546
- Stormfels, E. I., Werner, Walter I., and Reed, William G.: Hay-fever plants of Albuquerque, New Mexico, A preliminary report, 47
- Stroh, James E.: Northwest pollens, 337
- Sulfathiazole therapy, local, Toxic thrombocytopenic purpura following, (G. M. Donaldson and H. Scarborough) (abstract), 202
- Swinny, Boen: Allergic dermatitis from vaginal absorption of sensitizers—(floraquin and verazepotol)—Report of cases, 490
- Sympathectomy as an antiallergic measure. (Arthur F. Coca), 95

## INDEX TO VOLUME 5

### T

- Tatge, Edward George, Morrow, Marie B., and Prince, Homer E.: Mold fungi in the etiology of respiratory allergic diseases. V. Further studies with mold extracts, 434
- Thiamine hydrochloride, Sensitivity to: Report of a case. (William Shapero and M. W. Gwinner), 349
- Thomas, J. Warrick, Wittich, Fred W., Rockwell, George E. (Advisory Council of the Standardization Committee): Report on the standardization of dust extracts, 27
- Timothy versus Bermuda grass. (Roger P. Wodehouse), 137
- Tissue culture technique in the clinical evaluation of bacterial hypersensitivity, The application of a, (Frank A. Nantz and Hermann Blatt), 554
- Toxic thrombocytopenic purpura following local sulfathiazole therapy. (G. M. Donaldson and H. Scarborough) (abstract), 202
- Treatment of asthma, Does the routine need revision? (George L. Waldbott), 126
- Treatment of insulin allergy. With report of a case. (Samuel S. Burden), 209
- Treatment of nasal allergy and bronchial asthma, Nethaphyl in the, (French K. Hansel), 397
- Treatment of status asthmaticus, The use of intravenous ethyl alcohol in the, (Ethan Allan Brown), 193

### U

- Unger, Leon, and Goodall, Robert J.: Continuous intravenous aminophyllin therapy in status asthmaticus, 196
- Unger, Leon: Kaposi's varicelliform eruption—Relation to atopic dermatitis, 426
- Unger, Leon: President, 1946-1947, photograph, 160
- Urbach, Erich, Jaggard, George, and Crisman, David W.: The chemical and immunologic basis of oral pollen propeptan therapy in hay fever, 225
- Urticaria, Light. (Edmund E. Ehrlich), 478
- Urticaria, The etiology of chronic, (L. O. Dutton), 376
- Use of benadryl in the treatment of certain allergic diseases of children, The. (George B. Logan), 105
- Use of crotalin in the prevention of anaphylactic shock in guinea pigs, The. (D. Edward Frank), 156
- Use of intravenous ethyl alcohol in the treatment of status asthmaticus, The. (Ethan Allan Brown), 193
- Use of 1-(3', 4'-Dihydroxyphenyl)-2-isopropylaminoethanol, The. Management of bronchial asthma. (Maurice S. Segal and John F. Beakey), 317
- Use of the respiratory enzyme. Cytochrome C, in dyspnea, The. (Ethan Allan Brown) (Report in brief), 571
- Use of sex hormones in allergic disorders, The. (Milton M. Hartman), 467

### V

- Verazeptol and floraquin—Allergic dermatitis from vaginal absorption of sensitizers. Report of cases. (Boen Swinny), 490

### W

- Weil, A. J.: Clinical and comparative allergy, 42
- Weltman reaction as a diagnostic aid, The. (L. O. Dutton), 245
- Weltman reaction, The comparative diagnostic efficiency of the sedimentation rate and the, (L. O. Dutton), 491
- Werner, Walter I., Reed, William G., and Stormfels, E. I.: Hay-fever plants of Albuquerque, New Mexico. A preliminary report, 47
- Wittich, Fred W., Rockwell, George E., and Thomas, J. Warrick (Advisory Council of the Standardization Committee): Report on the standardization of dust extracts, 27
- Wodehouse, Roger P.: Active sensitization to pollen, 558
- Wodehouse, Roger P.: Cutaneous reaction-units, 203
- Wodehouse, Roger P.: Standardization of pollen extracts, 277
- Wodehouse, Roger P.: Timothy versus Bermuda grass, 137

### Z

- Zohn, Benjamin: Skin testing with fractions of chocolate, 344
